
NEILL AND DIANA GILBERT

Dear Friends!

I'd like to introduce Tom and Nancy Hinton. Tom is a Foursquare licensed minister, formerly the Global Connect Coordinator for FMI and has traveled extensively. Nancy is a critical care nurse. They reside in Fort Wayne, IN.

The reason for this introduction is that Diana and I have hosted Tom in Mae Sot, Thailand and found that we share a common passion concerning at-risk children. If we do nothing, children become open targets for Human Trafficking.

God has placed on Tom's heart to help us by visiting your congregation and sharing about the Home of Hope children and our ministry to them. With permission, he would also share about his global ministry of compassion and outreach. Go to www.barnabastask.org.

We would ask that a special offering be taken for the "new" Home of Hope in Mae Sot. One hundred per cent (100%) of this offering would be given toward the construction of this building; it would be sent directly to FMI.

*Tom would simply ask that you pay for his travel expenses and consider pledging to **Barnabas Task**, that God would speak to individuals or the church body for monthly support. We are in agreement with this. Because of his conviction that Human Trafficking should not be tolerated, he has agreed to represent us.*

This helps us because we cannot visit all of our supporting churches when we return in August. Thanks for contacting him and making the necessary arrangements. We are appreciative.

Blessings,

Neill and Diana Gilbert
